

TRAVEL TO PANDORA

WITH ALPHA CENTAURI EXPEDITIONS

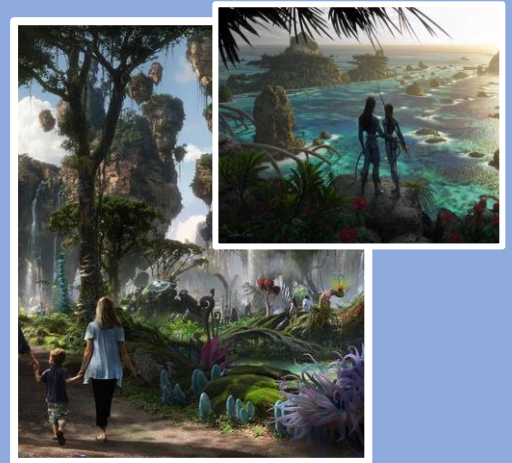

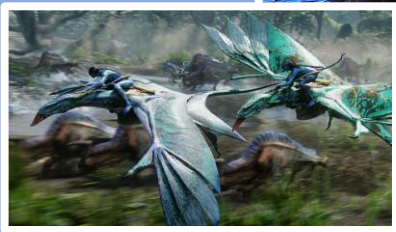

Beyond any family adventure you've had before...

Do you love wildlife? Do you love adventure? Do you want to explore new worlds?
Then Pandora is the must see holiday destination for you.

What is Pandora like?

When you arrive on Pandora, you will be amazed by the huge variety of wildlife there. Unlike anything you will have seen on Earth, new species await you at every turn.

Pandora is covered with beautiful rainforests. You will be surrounded by a canopy of exotic glowing plants and amazing animals – you will want to return again and again.

What can I do on Pandora?

Enjoy a range of exciting expeditions during you stay on Pandora. Visit the Valley of Mo'ara where you don't climb over mountains - you hike under them. Journey down a Pandoran river during a relaxing cruise along the sacred Kaspavan River. Challenge yourself on a 'flight of passage'. During this expedition, you will experience the vast natural world of Pandora in all of its glory—from the air, on the back of a mountain banshee.

Travel in Luxury

Your holiday will begin as soon as you leave Earth. You will travel to Pandora on one of our luxury space cruisers: Saturn SG1. Take in the amazing views and enjoy being pampered during the two-week journey to Pandora.

Safety first!

You may have heard that the atmosphere on Pandora is toxic – but fear not. Our hotels are situated in huge domes filled with a controlled atmosphere similar to Earth's so you will be perfectly safe during your stay. If you choose to adventure further afield, you will be provided with state-of-the-art breathing equipment (free of charge).
