

## PE and Sport Premium Strategy

A DfE announcement in July 17 stated that the PE and sport premium grant will be doubled – Education Secretary Justine Greening stated that the money would materialise in September, as part of the £1.3 billion in additional funding promised to schools over the next two years. As a result of the increase in funding, the accountability measures of the grant will be far more stringent; ultimately, schools will not only be far more accountable for the use of the grant but also in terms of outcomes upon pupils' general wellbeing and fitness.

It is a statutory requirement for primary schools to publish, on their school websites, how much PE and sport premium funding they receive, a full breakdown of how they have or will spend the funding, the effect of the premium on pupils' PE and sports participation and attainment, and how the school will make sure these improvements are sustainable.

It is expected that schools will see an improvement against the following five key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

### How to use the primary PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that schools should use the premium to:

- develop or add to the PE, physical activity and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Schools can use the premium to secure improvements in the following indicators:

- the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

For example, you can use your funding to:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively and embed physical activity across your school
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- partner with other schools to run sports activities and clubs
- increase pupils' participation in the School Games
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- raise attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

**PE and Sport Premium Grant Spending Plan 2022-2023**

<b>Allocation: £18,090</b>		<b>Sports grant coordinator: Mrs Ros Dawson (PE and Sport Leader)</b>			
<b>Initiative</b>	<b>Allocated funding</b>	<b>Anticipated outcomes</b>	<b>Monitoring task</b>	<b>Evidence of impact/legacy (school, staff, pupils)</b>	<b>Sustainability and next steps</b>
